When the smell of burgers, hotdogs and bar-  
beque starts to fill the air it can mean only one thing...  
it's June and time for the next Plum. So loosen your  
belt and pull up a chair for this four-alarm fire of an  
adventure.

While recovering from an ill-timed makeup  
mishap, Lula is witness to a murder. Celebrity chef  
Stan Chipotle loses his head -- literally. Now Lula and  
Stephanie are on the hunt to identify the killers before  
Lula is next on the chopping block.

Ranger has recruited Stephanie's help for a top  
secret mission. Someone on the inside of Rangeman  
is leaking client information, determined to bring the  
company down. No one is above suspicion, not even  
Ranger's right hand man, Tank.

Can Stephanie hunt down the killer, a traitor  
and keep Grandma out of the sauce?

So spicy good you'll be asking for seconds.

The Plum News is a little bit smaller than what  
we usually send out this time of year. That's because  
in January we launched the E-News. The E-News goes  
out twice a month, on the 1st and 15th. If you aren't  
already on the e-mail list for the E-News, you can sign  
up at [evanovich.com](http://evanovich.com). We are also now sending out  
electronic versions of the Plum News.

The *Finger Lickin' Fifteen* tour locations  
are listed on the left. Any questions, e-mail us at...
